

Horizon Childcare Pricing Policy

Horizons Childcare pricing is the education industry standard and therefore is carefully monitored by our staff to provide our customers with the latest, competitive prices. All of our prices are in Australian dollars (AUD) and include GST (Goods and services tax) as of [the updated date here] Product prices are dynamically updated by our in house purchasing system when price changes are received from our suppliers. If you find a cheaper advertised price somewhere else, email or phone us with the details of the supplier together with prices of the product required and we will endeavour to provide you with a more competitive price.
